to Private Bills

97. No petition for any Private Bill shall be received by the House after the first 10 days of each Session, nor may any Private Bill be presented to the House after the first

three weeks of each Session, nor may any report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no motion for the suspension or modification of this Standing Order shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with the consideration of Private Bills, who shall report thereon to the House. And if this rule shall be suspended or modified as aforesaid, the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the petition has been received after the time hereinbefore limited, shall in either case pay double the fees required in respect of such Bill by this rule, unless the House shall order to the contrary.

98. (1) Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight clear days before the opening of the Session.

- (a) a printed copy of such Bill;
- (b) a copy of the petition to be presented to the House;

(2) At the time of depositing the Bill and petition the applicant shall also pay to the Clerk of the House the sum of \$300.

(3) If a copy of the Bill, petition, and notices proved as aforesaid shall not have been so deposited in the hands of the Clerk of the House at least eight clear days before the opening of the Session or if the petition has not been presented to the House within the first 10 days of the Session, the amount to be paid to the Clerk shall be \$600. If the Bill shall not pass second reading, one-half of the fees shall be returned.

100. (1) All applications to the Legislative Assembly for Private Bills of any nature whatsoever shall require the publication of a notice clearly and distinctly specifying the nature and object of the application, and when the application refers to any proposed work, indicating sufficiently the location of the work, to be signed by or on behalf of the applicant.

(2) Such notice shall be published in *The British Columbia Gazette* and once a week in one leading daily newspaper freely circulating in all parts of the Province. The notice in such newspaper to appear on Wednesday of each week.

(3) When the proposed Bill is of such a nature that it may particularly affect one or more electoral districts, the notice shall furthermore be published once a week if possible in some newspaper in every electoral district affected, or if there be no newspaper published therein, then in a newspaper published in the electoral district nearest thereto.

(4) The publication of such notice shall in all cases be continued for a period of four weeks during the interval of time between

the close of the next preceding Session and the consideration of the petition.

101. Every petition signed by an agent or attorney in fact shall be accompanied by the authority of such agent or attorney in fact, and the petition shall not be deemed to be filed with the Clerk until this is done.

102. Before any petition praying for leave to bring in a Private Bill for the erection of a toll bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Standing Order 100, also at the same time and in the same manner give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts or vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

103. (1) All Private Bills for Acts of incorporation shall be so framed as to incorporate by reference to the causes of the general Acts relating to the details to be provided for by such Bills: Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the general Act is proposed to be departed from. Bills which are not framed in accordance with this Standing Order shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

(2) Every Bill for an Act of incorporation, where a form of model Bill has been adopted, shall be drawn in accordance with the model Bill (copies of model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the model Bill shall be inserted between brackets or underlined, and shall be so printed.

(3) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the notice of application for same.

QUINSAM COAL PROJECT

Public Hearing

NOTICE is hereby given that a public inquiry into the Quinsam Coal Development will be held in Campbell River at the Anchor Inn starting on October 12, 1983.

Quinsam Coal Limited (the Company) desires to develop a 900 000 tonne a year coal mine in the Quinsam watershed, approximately 27 kilometres southwest of Campbell River.

The Environment and Land Use Committee has approved this development in principle at Stage II of the Provincial Guidelines for Coal Development, subject to conditions set out by the Chairman of that Committee, in a letter to the Company, dated February 23, 1983.

The Environment and Land Use Committee has set out one of its conditions for granting of that approval-in-principle, that there be a public inquiry into the *environmental aspects* of the proposed project, prior to issuing the Company with the required permits and licences for them to proceed.

The purpose of the inquiry is to identify the environmental impacts of the proposed coal development and to identify measures for avoiding and mitigating these impacts such that the Ministry of Environment can be assured that the project can proceed in an environmentally sound manner. Particular emphasis shall be placed upon protecting fish resources in the Quinsam Watershed.

The inquiry shall include all proposed development activities to be undertaken by the Company within the Quinsam watershed, the areas adjacent to the transportation route from the property to the coal transhipment port at Middle Bay and the community of Campbell River.

The Terms of Reference for the inquiry include only those features of the project which are of an environmental nature. They do not include the economic or social aspects of the project. The Inquiry Commission, therefore, will only hear matters concerning the environment and all other matters concerning the project will be considered to be outside the jurisdiction of the inquiry.

All persons or organizations within the Province, who believe that they will be affected by the development of this project, may become registered intervenors and make a presentation to the Inquiry Commission at this hearing, provided they meet the following conditions:

That they present an outline of their presentation, or a copy of the presentation itself, to the Chairman of the Inquiry Commission by September 30, 1983, at the following address: Frank Hillier,

Chairman, Quinsam Coal Inquiry Commission, Ministry of Environment, Room 218, 557 Superior Street, Victoria, B.C. V8V 1X5.

That their presentation is within the jurisdiction of the Commission (i.e., Terms of Reference).

A copy of the Addendum to Stage II, Environmental Assessment Report, which was prepared by the Company, may be reviewed free of charge at the Company's office in Campbell River, rented from the Company, or purchased outright.

The address of the Company Office in Campbell River is Quinsam Coal Limited, 973 Alder Street, Campbell River, B.C. V9W 2R1.

For the convenience of the public, the following other documents or reports may also be obtained from the Company office free of charge:

- (a) The Ministry of Environment "Terms of Reference for the Public Inquiry".
- (b) The Ministry of Environment Review of the Stage II Addendum.
- (c) The Department of Fisheries and Oceans, Department of Environment (Federal Government) Task Force Report on the Quinsam Project, December 1982.

The government documents and reports may also be obtained by writing to the Chairman of the Commission at the previously stated address.

The order of presentations at the hearing will be as follows:

The Company Submission.

The Registered Intervenors' Submissions—presented in alphabetical order.

The Environment Canada, and Fisheries and Oceans (Federal Government) Submissions.

The Provincial Government Submissions from the Ministry of Environment and Ministry of Energy, Mines and Petroleum Resources.

All presentations will be followed by a question period of suitable duration.

A detailed hearing procedure document is currently being prepared and will be mailed to all registered intervenors as they are formally recognized.

All testimony given at the hearing will be given under oath.

An announcement will be made on the first day of the hearing as follows:

(a) Identification of the Registered Intervenors;

(b) Probable date for their presentations.

All parties making submissions to the Commission must submit 10 typed copies of their briefs to the Chairman at the time they make their presentations at the hearing.

No financial assistance will be made available from the Provincial Government for the presentation preparation and hearing costs for the Company, the Intervenors or the Federal Authorities.

Because of the time restraints imposed on the hearing, the Commission will make no

distribution of the participants' briefs before the hearing. This does not preclude the participants making direct contact with the other participants on this matter.

The hearing will be recorded on tapes. No transcript will be made.
